

United States Department of Agriculture

Aerial Imagery Catalog collection at:

Farm Production and Conservation Business Center (FPAC-BC)  
Geospatial Enterprise Operations (GEO)  
125 South State Street  
Suite 6416  
Salt Lake City, UT 84138  
801-844-2922

[geo.sales@usda.gov](mailto:geo.sales@usda.gov)

<https://www.fpacbc.usda.gov/geospatial-services>

This catalog listing indicates the various imagery coverage used by the U.S. Department of Agriculture (USDA) from the 1950's to the present. It shows imagery used primarily by the Farm Service Agency (FSA) and the Natural Resources and Conservation Service (NRCS). For imagery years prior to our collection, please contact the National Archives & Records Administration at: [carto@nara.gov](mailto:carto@nara.gov)

Coverage is listed alphabetically by state and county. A Federal Information Processing Standard (FIPS) numerical code was assigned to each county after July 1, 1971. The prior years of imagery were assigned an alpha code, shown in parenthesis. Visit the FIPS Index at:

<https://www.fpacbc.usda.gov/alphafips>

Most film imagery projects have composite digital indexes available and/or photo center point shape files for download upon request.

Standard delivery is via digital download. As of March 5, 2025, hard drive media delivery requests will no longer be accepted.

National Agriculture Imagery Program (NAIP) 2002 to present Compressed County Mosaics (CCM) are available for download from the [USDA Geospatial Data Gateway](#) by clicking on the NAIP Download tab. NAIP Quarter Quads (QQ) are in a GeoTIF format and available as indicated in the listing. CCMs are not available for 2002. The QQ and Seamline shape files are available upon request or most recent year for each state available for download at:

<https://www.fpacbc.usda.gov/geospatial-services/customer-services/naip-coverage-map>

We are currently scanning our film collection through 2009 and any years not yet scanned will require an additional fee. Contact our Customer Services team for ordering instructions, imagery catalogs (refer to glossary of terms on last page), and further details on available products at:

<https://www.fpacbc.usda.gov/geospatial-services/customer-services/ordering-instructions>

<https://www.fpacbc.usda.gov/geospatial-services/customer-services/imagery-catalogs>

Offered in the catalog listing at each state and county heading is a link to locate the state or county office address and phone number at:

<https://www.fsa.usda.gov/state-offices/index>

<https://offices.sc.egov.usda.gov/locator/app>

Square mile land area figures compiled from the US Census Bureau at:

PROG	%COV	YEAR	RES SCL	BAND TYPE	FMT	QTY	REMARKS
NRCS		1999	30	BW	TF	120	46.06 GB

**GLOSSARY OF TERMS:**

- PROG** The program type used to identify the imagery.  
NAIP = National Agriculture Imagery Program  
NDOP = National Digital Ortho Program  
NAPP = National Aerial Photography Program  
USDA = U.S. Department of Agriculture Cooperative Program  
NHAP = National High Altitude Program  
FSA = Farm Service Agency (formerly ASCS)  
NRCS = Natural Resource and Conservation Service (formerly SCS)  
NPS = National Park Service  
\*\*\* Program types are frequently changed due to acquisition of new coverage.
- %COV** The percentage of the county covered. If this is anything other than 100% or partial (P), research will be required to determine if your area of interest falls within the partially flown area.
- YEAR** The majority year the source imagery was obtained.
- RES/SCL** Metric resolution of digital imagery. One digit = Meters. Two digits = Centimeters. The representative film scale ratio of the photography (i.e., 20000 = 1:20,000 or 1" = 20,000"). Film and index items will not be published after film has been scanned and shipped to the National Archives.
- BND/FILM** Original Image or Film Type - Acquisition or the default storage format.  
BIP = Band Interleaved by Pixel  
NC = Natural Color  
CP = Color Positive  
CN = Color Negative  
BW = Black and White (Generally a negative film base).  
CIRP = Color Infrared Positive  
CIRN = Color Infrared Negative  
CPD = Color Positive Dup  
M4B = Multi-spectral 4 Band
- FMT** Graphic Image Format(s)  
GT = GeoTiff (Georeferenced Tagged Image File)  
MR = MrSid (Multi-Resolution Seamless Image [compressed])  
TF = TIFF (Tagged Image File)  
J2 = Multi Band Geo JPEG 2000  
Index Format(s) - A detailed line map indicating the number of film exposures needed for coverage area.  
DI = Digital Index\*  
LI = Line Index\*  
SI = Spot Index\*  
PI = Photo Index A mosaic assembly of prints covering the program area.  
*\*The quantity listed indicates the number of sheets available.*
- QTY** Graphic Image Format(s) - The number of image files required for complete county or project.  
Index Format(s)- The number of sheets available for that film program
- REMARKS** Various notes pertinent to specific Program acquisitions.  
CCM - County Compressed Mosaic  
QQ - Quarter Quad  
GB - Gigabyte file size calculated using decimal system.

Please contact us with any questions regarding the varying types of remarks for further details.
